

Job Analysis United States

1. Scope

This service (“Service”) provides Customer with a summary of prioritized job requirements and documentation of job requirements. The only tasks and Deliverables Sun will undertake or deliver in providing this Service are those specifically set forth in this Service Listing.

2. Tasks and Deliverables

- **Approach**

Sun will provide this Service to the Customer in the following phases:

Phase 1: Clarify Organization Objectives and Needs

Phase 2: Analyze Job Requirements

Phase 3: Document Job Requirements

- **Phase 1: Clarify Organization Objective and Needs.** Sun and Customer will first agree on the job(s) to be analyzed. Sun will then review documentation and conduct interviews with project stakeholders to understand organization objectives, future needs, and planned interventions that may affect the job requirements.
- **Phase 2: Analyze Job Requirements.** Sun will review existing job documentation and conduct interviews with subject matter experts to build a profile of the technical and nontechnical knowledge, skills and behaviors required to perform the job successfully in the Customer's specific environment. Sun will then work with the Customer to validate this profile and prioritize job requirements based on the Customer's need.
- **Phase 3: Document Job Requirements.** Sun will prepare a detailed report that can be used to create job descriptions, develop objective selection tools, and form career paths and employee development plans.
- **Additional Fee Services.** For an additional fee, Customer may purchase job descriptions developed from the job analysis results to reflect specific jobs in the Customer's environment.

3. Customer Responsibilities

- Customer will assign a project manager (“Project Manager”) to:
 - Provide direction and guidance to Customer's personnel as required by Sun to maintain project momentum;
 - Provide information and resources in a timely manner as needed by Sun to enable Sun to complete the tasks described in this Service Listing; and
 - Be readily available and on-site as and when required by Sun for the duration of the Service.

The Project Manager will be responsible for receiving any deliverables created as a result of this Service.

Should any of the assumptions prove to be incorrect or incomplete or should Customer fail to comply with any of the Customer Responsibilities set forth in this Service Listing, Sun reserves the right to modify the price, scope, or schedule of this Service:

- A Sun project manager will be assigned to this engagement and will coordinate project management activities with the Customer's contact person. The Sun project manager will have primary responsibility for coordinating all activities for this Service, including scheduling resources, confirming project activities and Deliverables are within the scope documented by this Service Listing, as well as being the single point of contact at Sun for this service.

- Fees for this Service are non-refundable and are based on the applicable Sun prices at the time of order. Sun may discontinue this Service in order to prevent exceeding any funding level authorized by Customer, in which case Sun will make reasonable efforts to give Customer prior notice and submit any Deliverables to Customer regardless of their completion status.
- In the event that Sun and Customer determine that an on-site visit to a Customer facility is required, Customer will be responsible for reasonable travel and accommodation expenses incurred by Sun.

If Customer requests a material change in the scope of this Service Listing, as determined by Sun in its sole discretion (“Change”), Sun and Customer will review the Change through the change control process set forth as follows:

When Sun determines a change is material, Sun will complete Sun's standard Change Request Form (the “Form”) and provide the completed Form to Customer. Both Sun and Customer will have to provide written approval of the Change detailed in the Form, including the impact of the Change on schedule, resources, and the price of the Services under this Service Listing, before Sun will make the Change. When Customer accepts the Change set forth in the Form, Customer will sign the Form and return it to Sun and modify its purchase order, issue a new purchase order for the additional fees associated with such Change or provide other forms for payment as requested by Sun. Upon acceptance of the Change as set forth in the Form, the Change will apply to the Services to be delivered by Sun under this Service Listing. If Customer does not accept the Change as set forth in the Form (including impact on the schedule, resources, or price), the parties will complete their obligations with respect to the Services under this Service Listing as set forth herein.
